## HK-CSLP™ FC 200

Security Tag Cutting and Folding Machine

# HK-CSLP™ FC 200

---

## Technical Details

- Special compact, modular construction
- Monitor with Touchscreen for all programmable functions
- Input for cutting commands via keyboard
- Repeat monitoring with error display
  - Length monitoring in cases of repeat deviations
- Ionizing units on different positions to avoid static load
- Multipurpose label roll support with adjustable guides for centrefold (loop) and endfold labels
  - Easily adjustable and change from centrefold to endfold or size changes
- Laser point for quick settings of centreline of labels throughout the machine
- Special folding attachment
  - Guides for centre- (loop) and endfold
- Heat setting and press unit with temperature settings form 80°C to 200°C
  - Upper- and lower heat
  - Press removed when idle
  - Suitable for security tag labels with RFID and EAS tags
- Additional Ultrasonic Unit for sealing or cutting off the selvage to obtain four sided closed RFID or EAS Tag Labels
- Fabric transport controlled by laser point unit
- Mark eye unit for exact rapport length
- Ultrasonic cutting unit “continuous”
  - Steal Sonotrode 100 mm, 35 kHz (100 mm x 4 mm)
  - Converter/Booster
  - Special knife sledge with self aligning knife support
- Knife sledge pneumatically operated
- Set of knives with different grades (#1, 2 & +3) two pcs each
- Slide packer included
- Safety hoods
- Speed range: 80 - 400 pieces/min. (infinitely variable)
- Power range: 400 Volts, 50/60 Hz, 3kW

Note: The HK-CSLP™ FC 200 machine does not include an air compressor unit and tank
